INTRODUCING

MOONRAKER

IKONIC YACHTS

Your Gateway to the Sea

MOONRAKER

Step into a world of elegance and adventure aboard the Moonraker, where luxury meets the open sea. Designed for those who seek unforgettable experiences, this state-of-the-art yacht offers an unparalleled blend of comfort, style, and performance.

Whether you're exploring serene coastlines or cruising to exotic destinations, the Moonraker promises an exceptional journey with every sail. Let the ocean breeze guide you to new horizons as you enjoy top-tier amenities, personalized service, and the freedom of the seas.

Set Sail with Moonraker

The 47.4m luxury yacht MOONRAKER was built by Bilgin Yachts in 2019, and features a steel hull and aluminium superstructure. She boasts the naval architecture and exterior styling of Unique Yacht Design, while the interiors are the work of İlkay Dovan from the shipyard in-house team.

Spanning four decks, her amenities include two Jacuzzis and a wet bar as well as numerous alfresco dining and lounging areas.

Endless Possibilities

The main deck offers a spacious environment close to the water where guests can spread out on sun loungers or get out the full complement of water toys. Upon the main deck aft, a large sofa lines the stern and a coffee table creates a casual space for alfresco meals and watching the world go by. It has a sheltered al fresco seating, dining and movie area that leads down to the large beach club.

The partially exposed upper deck has sunbeds along the stern and room for a large alfresco dining table to seat all guests in the shade. The Portuguese deck is fitted with a C-shaped sofa and a coffee table that can be shaded by a canvas screen, plus a Jacuzzi farther forward. The bow is used to store motorized water toys, which are launched and retrieved using a Davit crane.

Interior Living

The interiors were imagined through a kaleidoscope in every detail, and radial designs are noticeable throughout the clean and bright living spaces. The main foyer has a staircase where the light streams down from the sundeck Jacuzzi above, and the ‘Caviar lights’ inspired by nature have accents in gold and silver that, just like the marble in the en-suite bathrooms, break with the pristine white appearance to be found everywhere else on board.

Yacht Specifications

BILGIN YACHTS BUILDER

2019 YEAR
